بِسْمِ اللَّهِ الرَّحْمَٰنِ الرَّحِيمِ

TO OUR STUDENTS

A welcome from our Founder

Assalāmu ʿalaykum wa raḥmatullāh.

You have paid, and an email with your Student ID and access code is in your inbox. That was the easy part. The first week decides whether Himaayah feels like a school or like a website you once signed up to, so let me tell you what happens next.

Your teacher or tutor will reach out to arrange your placement conversation or your class times. Before that, sign in once, find your timetable, and decide where in your day this study will sit. The students who do well with us are not the ones who start with the most energy. They are the ones who turn up on time in week one and again in week ten.

Himaayah is a young school, and young schools get things wrong. If a payment, a login or a class time is unclear, do not wait and do not guess. Message us on the right line. That is what the lines are for, and nobody here will think less of you for asking.

I named this school Himāyah, protection, and it is the standard I hold us to: protecting your time, your faith and your focus. Your part is three things. Be there on time. Do the work the same day. Ask early when you are stuck.

May Allah make this knowledge a light for you, and make the effort easy.

Keep these close

Your **Student ID** and **access code** arrive in your login email. Everything in this guide starts with them.

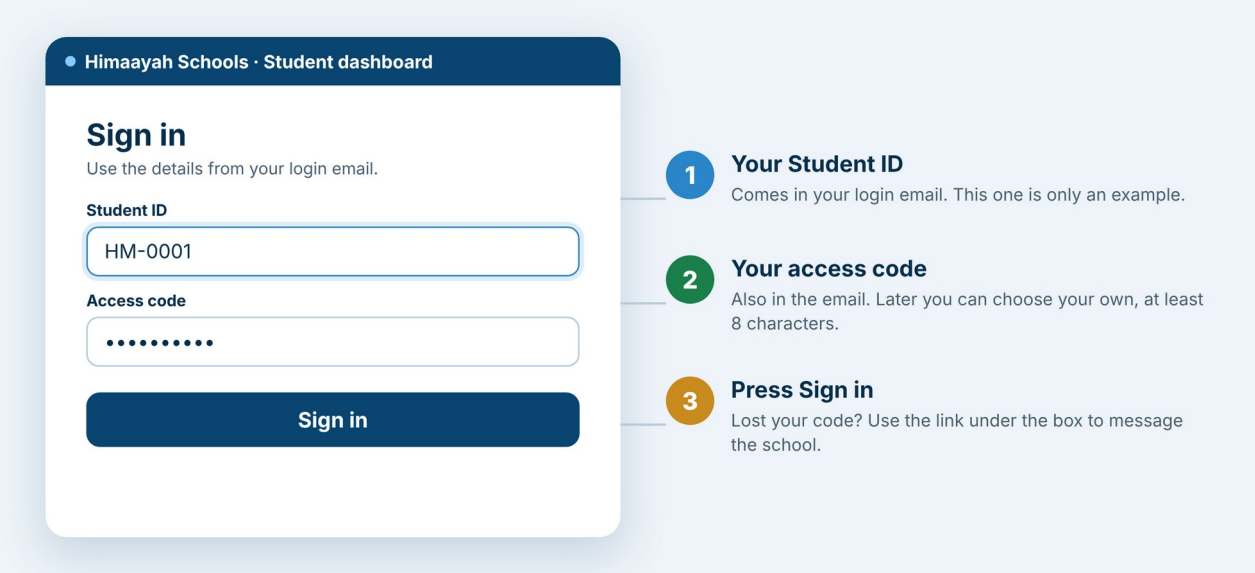

SECTION 01

Your ID and access code

Sign in for the first time

ابدأ

When your registration and first payment are confirmed, the school sends you a login email with your **Student ID** and **access code**. Check your spam folder if you cannot see it.

Sign in

1 Open **himaayahschools.com** and go to your programme's dashboard. Madrasah, Academy, Skills School and Teenagers Building Circle each have their own.

2 Type your **Student ID** and **access code**, then press **Sign in**.

Choose your own code

1 Scroll to **Choose your own access code** on your dashboard.

2 Type a new code of **at least 8 characters**, type it again, then press **Change my code**.

Keep it private

Never share your code. Anyone with your ID and code can see your work and payments. If your ID is not accepted, check that you are on the dashboard for your own programme.

SECTION 02

Your portal

What is on your dashboard

بوابة

Every dashboard shows your **announcements**, your **payment history** and the place to change your access code. The rest depends on your programme.

Check it often

Open your dashboard before every class day. Announcements are where the school posts changes to times and deadlines.

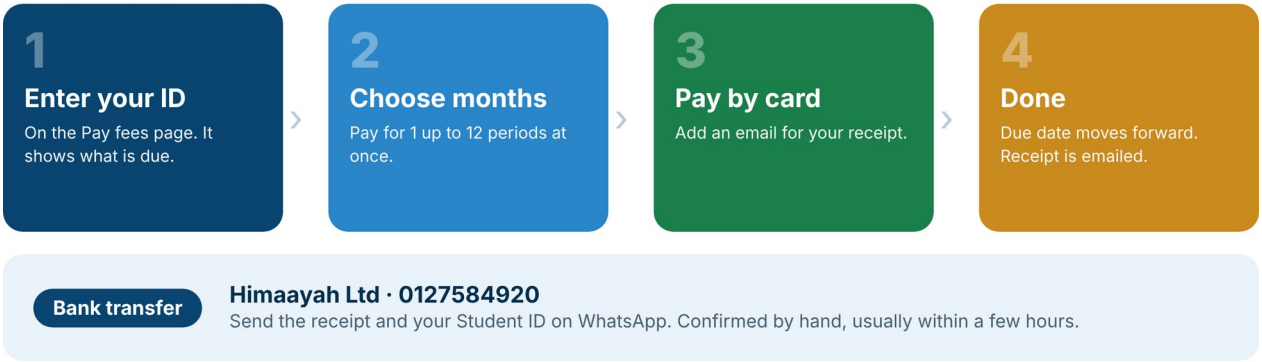

SECTION 03

Paying fees

Card, transfer and months ahead

الرُّسوم

Most plans are paid by the month. The registration fee is **₦3,000**, paid once. Skills School courses are paid per course.

Bank transfer — **Himaayah Ltd · 0127584920**
Send the receipt and your Student ID on WhatsApp. Confirmed by hand, usually within a few hours.

Several months at once

You can pay for 2, 3, 6 or 12 months at enrolment or on the Pay fees page. The fee is the same for every month, with fewer payments to remember.

Refunds

Months that have not started can be refunded, less the payment provider's charges. A month that has already started is not refundable, so tell us before the next month begins if you want to stop. Write to himaayahschools@gmail.com.

After you pay

Card payments move your due date forward at once and your dashboard shows it within a minute. Card receipts are emailed to you, and **Payment history** on your dashboard keeps the record.

SECTION 04

Using the website

Every page, in one place

الموقع

Timetable

Weekly class times in Nigeria time, with an option to add your class to your calendar.

Calendar

Term dates, exam dates, public holidays and Islamic occasions, with one-tap add to your phone.

Library

Books, notes and links. The Madrasah library is chosen for your level.

Practice quizzes

Short quizzes on tajweed, Arabic and more, marked straight away.

Exams

Timed exams with your results and grades. Sign in with your ID and code.

Daily revision

Tick off today's murajaah and keep your streak going.

My cards

Your library card and an ID card you can print.

Placement tests

Level tests taken online after the registration fee, marked instantly.

Hadith Bootcamp

The Forty Hadith of an-Nawawi with lessons, quizzes and a certificate. Free for Madrasah students: sign in with the same ID and code.

Dictionary

Arabic words with meanings and synonyms.

During an exam

Use a charged phone or laptop and a steady connection. Exams are timed and a clock shows at the top of the page.

SECTION 05

Good habits

Small things that carry you far

عَادَات

Five habits that help

1	**Join on time.** Open your dashboard first and check today's class.
2	**Do the work the same day.** Assignments and daily tasks are easier when the lesson is fresh.
3	**Revise a little every day.** A short daily revision beats a long one before a test.
4	**Ask early.** If you do not understand, ask your teacher in class or message the right line.
5	**Pay before the due date.** It keeps your place and your access without a break.

The school's conduct and privacy rules are on the policies page of the website. Read them once.
